1) The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2) Although specific claims may be discussed in the rejections below, these rejections are also applicable to all other claims in which the noted problems/language occur.

3) Claims 1-11, 20-30, 48, 50 and 51 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a) Claims 1, 20 and 48 still contain "E" defined as "sulfonyl". Claims 1, 3, 8, 10, 20, 22, 27, 29 and 48 still contain "E" defined as "carbonyl". Therefore, the rejection of paragraph **7)b)** of the March 28, 2005 Office action still applies.

b) In claim 2, it is unclear what the term "optionally substituted" refers to. It is noted that "A" is defined in independent claim 1 as "-CH₂-" which definition does not include any "optional substitution".

c) Claim 3, line two, is missing a term ("K?") to define "is optionally present and if present".

d) Claim 22, line four, is missing a term to define "is optionally present and if present".

e) The compounds of claims 50 and 51 are not encompassed by the structures of independent claims 1 and 20 which require that "V" comprise at least three Lewis base moieties.

f) Given the fact that "V" in the independent claims must contain, at a minimum, a "heterocycl" and an "imino" group, it is unclear whether or not the claim 5, 6, 24 and 25 definitions of "V" as "amino" are the definitions of the third Lewis base or all "V" definitions are "amino" which would be inconsistent with the requirements of the definition of "V" of the independent claims.

4) Applicants' amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
